In re Application of  
Richard Allen Hay and Brian Lawrence Smith  
Application No. 10/740,460  
Filed: December 22, 2003  
Attorney Docket No.: 006393.00002  
Title: FIELD DEPLOYABLE WIRELESS  
NETWORKING DEVICE

DECISION ON RENEWED PETITION  
UNDER 37 C.F.R. §1.47(a)

This is in response to the renewed petition under 37 C.F.R. §1.47(a)<sup>1</sup>, filed August 26, 2004.

The above-identified application was filed on October 22, 2003, identifying Richard Allen Hay and Brian Lawrence Smith as joint inventors. The application was filed with a declaration which was executed only by joint inventor Hay. On March 9, 2004, applicant was mailed a "Notice to File Missing Parts of Nonprovisional Application - Filing Date Granted" (notice), requiring an executed oath or declaration in compliance with 37 C.F.R. §1.63 and the \$65 surcharge for its late filing. This Notice set a two-month period for reply.

<sup>1</sup>A grantable petition under 37 C.F.R. §1.47(a) requires:

- (1) the petition fee of \$130;
- (2) a surcharge of either \$65 or \$130 if the petition is not filed at the time of filing the application, as set forth in 37 CFR § 1.16(e);
- (3) a statement of the last known address of the non-signing inventors;
- (4) either
  - a) proof that a copy of the entire application (specification, claims, drawings, and the oath or declaration) was sent or given to the non-signing inventor for review and proof that the non-signing inventor refuses to join in the application or
  - b) proof that the non-signing inventor cannot be found or reached after diligent effort;
- (5) a declaration which complies with 37 CFR §1.63.

In reply to the notice, applicant filed the original petition, the petition fee, and the surcharge associated with the late filing of an oath or declaration. This petition was dismissed via the mailing of a decision on August 9, 2004, for failure to establish that a complete copy of the application was sent to the non-signing inventor.

With the renewed petition, Petitioner has corrected this deficiency. As such, the petition is **GRANTED**.

The above-identified application and papers have been reviewed and found in compliance with 37 CFR 1.47(a). This application is hereby accorded Rule 1.47(a) status.

As provided in Rule 1.47(a), this Office will forward notice of this application's filing to the non-signing inventors at the addresses given in the petition. Notice of the filing of this application will also be published in the Official Gazette.

After this decision is mailed, the application will be forwarded to Technology Center 2100 for further processing.

Telephone inquiries regarding this decision should be directed to the undersigned at (703) 305-0011. Please note that on approximately September 28, 2004, the Office of Petitions will relocate to the new PTO location in Alexandria. Although the mailing address will remain the same, the general phone number for the Office of Petitions which should be used for status requests will change to 571-272-3282, and the telephone number for the undersigned will change to 571-272-3225.
